

It Could Be You

Alexz Johnson

You and me, all alone
It's to late to say we didn't know
We shouldn't be, all alone
One of us might lose control
All these feelings we've been hiding
Deep down, ya they must start to show
Not here, not now
Watching my frusterations grow

I know what I feel and you feel it too
I dream of the first kiss and who'll make the first move
Who's gonna put their heart on the line
It could be me
It could be you, tonight

Show me, who you are
Stop me before I go to far
Cuz it hurts, to hold back
So hold me or I might crack
I'm gasoline, you're the match
I'm not sure if we could handle that
It might explode, could be a mess
I say we take the chance

I know what I feel and you feel it too
I dream of the first kiss and who'll make the first move
Who's gonna put their heart on the line
It could be me
It could be you, tonight

I'm all mixed up, confused
I don't know what to do
Cuz I want to, I'd love to
If I knew you'd want me to
If your getting any closer then I'm gonna have to scream

I know what I feel and you feel it too
I dream of the first kiss and who'll make the first move
Who's gonna put their heart on the line
It could be me
It could be you

I know what I feel and you feel it too
I dream of the first kiss and who make the first move
Who's gonna put their heart on the line
It could be me
It could be you, tonight
