

# Liar Liar

Alexz Johnson

You said I...  
was your everything  
You said I...  
was the one  
You played me  
like a radio  
You used to love that I...  
had no shame  
Put my pain into words  
Hold my hand to the flame

Tell me you'll love me like a star  
Tell me you want me wherever you are  
Tell me you'll breathe me till your last breath  
Liar liar  
Oh, liar liar

Bit by bit  
I feel the draft  
Just sit back  
and watch it burn  
Hold your eyes up to my veins  
Call out, call out my name

Tell me you'll love me like a star  
Tell me you want me wherever you are  
Tell me you'll breathe me till your last breath  
Liar liar  
Oh, liar liar  
Liar liar  
Oh, liar liar

Tell me you'll love me like a star  
Tell me you want me wherever you are  
Tell me you'll breathe me till your last breath  
liar liar  
Oh, Tell me you'll love me like a star  
Tell me you want me wherever you are  
Tell me you'll breathe me till your last breath  
Liar liar  
Oh, liar liar
