

Run for Your Life

Alexz Johnson

There's a full moon on the rise
She'll turn into a wolf tonight
You'll spot her by her yellow eyes
She must survive
Can't help herself
You have to hide

There's a steady heatwave rollin' in
I'm looking for my new best friend
Can't help herself
The state she's in
Weakness within
And to survive you can't give in

Full moon fever
Who doesn't go crazy?
Who's gonna believe her?
Full moon fever
There's only one way out
You're gonna die
You better run
Run for your life

There's a fine line you must step
One steady light, one cigarette
There's something that you never said
I figured out what you meant instead

Full moon fever
Who doesn't go crazy?
Who's gonna believe her?
Full moon fever
There's only one way out
You're gonna die
You better run, baby
Run for your life

Run for your life
Run for your life
