Alexz Johnson

Never made a stand now you're burning up the land it isn't like  
you  
Never had to try now you're learning how to lie it isn't like y  
ou  
Shouldn't make them wait now they're bustin' down your gate jus  
t to spite you  
Didn't have to fight now you're running ever light it isn't lik  
e you  
Can't just walk away Shainne it isn't like you  
Out of words to say Shainne it's all about you  
You coulda' been OK Shianne you better make due  
Throwing it away Shianne this isn't like you  
Rocking as you roll leaving pieces of your soul it isn't like y  
ou  
Reading what they wrote wearing nothing in your coat it isn't l  
ike you  
Never had to win now you're pushing them to sin what did you do  
?  
You always had to know now you're reaping what you sow It isn't  
like you  
Can't just walk away Shainne it isn't like you  
Out of words to say Shainne it's all about you  
You coulda' been OK Shianne you better make due  
Throwing it away Shianne this isn't like you (2x)
