

3D Feelings

Alfie Templeman

Can't fight the feelings, they're forever everywhere I go
Might be illusions or I might be going blind, don't know but
I live in glasses, holographic, I mean what a trip
I've got my passes panoramic 'round your fingertips

I wanted to tell ya, I fell in before it's over
And I wanted to make the file before my trial runs out

You give me 3 dimensional feelings
Thought that I was just dreaming
Can't keep up with them all
I see 3 dimensional feelings
Bouncing off of the ceiling
Coming off of the wall

Turu turu turu turu turu turu tu, I love it
Turu turu turu turu turu turu tu, I do

All my emotions are explosions into stereo
I don't just feel them, I convert them into audio
End of a rainbow, geometric, like a movie script
And now a touch feels so electric at my finger tips

I wanted to tell ya, I fell in before it's over
And I wanted to make the file before my trial runs out

You give me 3 dimensional feelings
Thought that I was just dreaming
Can't keep up with them all
I see 3 dimensional feelings
Bouncing off of the ceiling
Coming off of the wall

Turu turu turu turu turu turu tu, I love it
Turu turu turu turu turu turu tu, I do

I love it
I do

You give me 3 dimensional feelings
Thought that I was just dreaming
Can't keep up with them all
I see 3 dimensional feelings
Bouncing off of the ceiling
Coming off of the wall

Turu turu turu turu turu turu tu, I love it
Turu turu turu turu turu turu tu, I do
