

Best Feeling

Alfie Templeman

Oh baby, won't you look my way
Talk to me for another day
I need you in my life so bad
Best feeling that I've ever had
Oh baby, won't you look my way (Yeah)
Talk to me for another day
I need you in my life so bad
Best feeling that I've ever had

Life is so good
You're my sunshine
I'm in love
And you're by my side
Swipe right, give me light
Hey there baby
Like your style
And I really like your smile
If that's too much I'm stuck (Ah shucks!)

Oh baby, won't you look my way
Talk to me for another day
I need you in my life so bad
Best feeling that I've ever had
Oh baby, won't you look my way (Yeah)
Talk to me for another day (Yeah)
I need you in my life so bad
Best feeling that I've ever had

I'm a loser and you're perfect
But I know that this is worth it
Might be worth a try
Need somebody to keep me happy
Although that sounds really sappy
I don't care I'll put myself out there

Oh baby, won't you look my way
Talk to me for another day
I need you in my life so bad
Best feeling that I've ever had
Oh baby, won't you look my way (Yeah)
Talk to me for another day
I need you in my life so bad
Best feeling that I've ever had

Just hold on a bit longer
You make me so much stronger
If you could understand
I'll take you by the hand

Oh baby, won't you look (My way)
Talk to me for another day
I need you in my life so bad
(It's the best feeling that I've ever damn had)

Oh baby, won't you look my way (Yeah, yeah)
Talk to me for another day
I need you in my life so bad

Best feeling that I've ever had
Oh baby, won't you look my way
Talk to me for another day
I need you in my life so bad
Best feeling that I've ever had
Oh baby, won't you look my way
Talk to me for another day
I need you in my life so bad
Best feeling that I've ever had
