Circles

Alfie Templeman

Here I am
Running round in circles
Facing this again
Saying things
Like I'm truly sorry
Ain't no good revenge

I thought we were getting somewhere, lately
I see that you don't seem to care
Let me draw it out for you

It never ends, running in circles
Never ends, circles

Now I'm lost and I'm searching for you baby
I wish I kept an eye
On you closer

I thought we were getting somewhere, lately
I see that you don't seem to care, anymore

It never ends, running in circles
Never ends, circles
It never ends, running in circles
Never ends, circles
