

## Dirty Laundry

Alfie Templeman

Upside down  
This indecisions got me inside out again  
My gardens overgrown  
Dirty laundry piling up inside my home

Don't think I'm ever gonna change (nah)  
And it's dragging me down  
Miss the morning, wake up late  
Playing catch-up with the world

Upside down  
This indecisions got me inside out again  
My gardens overgrown  
Dirty laundry piling up inside my home

And it's never gonna change  
If you don't do shit about it  
And it's never gonna change  
If you don't do shit about it

Upside down  
This indecisions got me inside out again  
My gardens overgrown  
Dirty laundry piling up inside my home

Upside down  
This indecisions got me inside out again  
My gardens overgrown  
Dirty laundry piling up inside my home
