

Do It

Alfie Templeman

1, 2, 3, 4

I'm so tired of being like this
I'm trying hard to be cool but it just won't work
I'm in a mid life crisis at the age of eighteen
Save me

Grab a shower
Brush your teeth
Drink more water
Get more sleep
You got the power so just believe
You'll see

I don't have a reason to get out of this bed
And so I sit around and think of memories instead
Wasting all this time walking 'round in my head
But I can't get up, get up, get up

Every minute feels lifeless
Sat here contemplating everything can't figure it out
I'm in a funk for life
And everybody hates me
Save me

Buy my album
Show some love
Go to Paris
And see some stuff
Start believing that you're enough
You'll see

I don't have a reason to get out of this bed
And so I sit around and think of memories instead
Wasting all this time walking 'round in my head
But I can't get up, get up, get up

I don't have a reason to get out of this bed
So I sit around and think of memories instead
Wasting all this time walking 'round in my head
But I can't get up, get up, get up

I don't have a reason to get out of this bed
And so I sit around and think of memories instead
Wasting all this time walking 'round in my head
But I can't get up, get up, get up

Get up, get up, get up
Get up, get up, get up

Do it
Do it
Do it
Do it
