

# Shady

Alfie Templeman

Trying to figure it out  
Trying to see what it's about  
Hoping to make some sense of this  
Starting to wrap my head around it

I could be someone  
Someone that I'm not  
But I'd be missing the real person I am  
Wish you didn't change  
So this stayed the same  
So I felt like me again

Do you really  
Wanna go there?  
I'm tired of leading you on  
I know I'm acting shady  
Do you really  
Think I'm sorry?  
I tried to move it along  
But this is over, baby

Reaching for something that ain't mine  
Someone that I used to spend time with  
One day I hope you'll talk to me  
I'll feel just like we used to be

I could be someone  
Someone that I'm not  
But I'd be missing the real person I am  
Wish you didn't change  
So this stayed the same  
So I felt like me again

Do you really  
Wanna go there?  
I'm tired of leading you on  
I know I'm acting shady  
Do you really  
Think I'm sorry?  
I tried to move it along  
But this is over, baby

This is over, baby

I could be someone  
Someone that I'm not  
But I'd be missing the real person I am  
Wish you didn't change  
So this stayed the same  
So I felt like me again
