Alfie Templeman

Love my breakfast in bed
This is what I've always dreaded
All the seconds stop, watching everything plop
Listen up, on the world

I tonight my life was smooth
This is what I've always dreaded
All the seconds stop, watching everything plop
Listen up, on the world
All the seconds stop, watching everything plop
Listen up, on the world

All the seconds stop, watching everything plop
Listen up, on the world
All the seconds stop, watching everything plop
Listen up, on the world
