

# Death March

Algiers

Oh no  
On no, no, no  
This can't be how it all falls apart  
Constant fear of explosion  
Crypto-fascist contagion

Oh yeah  
Oh yeah, yeah, yeah  
They took no time to unwind it all  
Manufactured suggestion  
Wag the dog and then drown him

How hate keeps passing on  
This is how the hate keeps passing on

Oh no  
On no, no, no  
This can't be how it all whimpers out  
Live to die in the gutter  
Empty ivory towers

Oh yeah  
Oh yeah, yeah, yeah  
They pay no mind just to wind you up  
Informed autosuggestion  
State-sanctioned assassination

How hate keeps passing on  
This is how the hate keeps passing on

How hate keeps passing on  
This is how the hate keeps passing on
