

# Irreversible Damage

Algiers

Time is over  
Time is over

Time to go, should have known  
I seen it inside and outside time  
A seven-headed harlot wrapped in scarlet with ten horns  
Decked out in filth and gold  
Abomination and fornication untold  
Now see the harlot stumble  
Yeah, you see but you don't hear me though  
While the executioner's gotchu laughin' (Hahahahaha)  
"Look at all this to desire while I set your house on fire"  
You should be screaming out and ringing  
Like the alarm that you ignore  
It's too late to change the time now  
Too late to keep the past from coming

Boarded up, seen enough  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you  
Boarded up, seen enough (Don't wake me up 'cause I'm dreamin')  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you (Don't wake me up)  
Boarded up, seen enough  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you  
Boarded up, seen enough (Don't wake me up 'cause I'm dreamin')  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you (Don't wake me up)

Time is over  
Time is over

Irreversible damage, undeniable  
Something real has shifted in the air, it's unsurvivable  
Don't take the bait my friend, elected your electric chair  
Now you extend your hand  
Morning star, exploding Sun  
The light before the dawn  
Left to right and shape and sound will crumble one by one  
Four dimensions, falling over when the angle change  
Don't be surprised or shook when The Accuser calls your name

This a relapse, what it be, God?  
No rehab for my jihad, a rapture in a grief storm  
Time on my neck and it be gone and my peace torn in an alley  
Abandoned and murdered then reborn in a beat form  
Breathless, I exhale then rearm and the spin won't stop  
Nazi pop opera, they found a flock  
Now I'm lookin for a road to block  
Padlocks, pants an' socks  
A place to wash this pain off  
And the mirror cracks in a face off

And I've seen enough

Boarded up, seen enough  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you  
Boarded up, seen enough (Don't wake me up 'cause I'm dreamin')  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you (Don't wake me up)  
Boarded up, seen enough  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you  
Boarded up, seen enough (Don't wake me up 'cause I'm dreamin')  
Catacombs will watch you fold  
Boarded up, seen enough  
Catacombs will wrap around you (Don't wake me up)

Time is over  
Time is over
