

# It's A Crime

Ali Campbell

Thank God the soldiers are back  
I don't want to hear any more soldiers attacked  
It's time to open a new chapter  
Click, click everybody pose then a flash  
The war's over it's all over, hugs n'kisses all over  
I know the problem ain't solved yet  
But after the track we'll be getting more closer

350 million dollars a day  
A debt that are kids are going to have to repay  
And the problem it isn't really going away  
It's a crime, and a waste, what a shame

Don't do that in my name  
You don't have my support  
To play out your mindless war games  
With the weapons that we bought  
Now there's a thought

Should we continue to contribute  
To a cause that is obscene  
You know our taxes are financing  
This murdering machine  
You know what I mean

And the many lives that are taken away  
We all gotta live with that from day to day  
And the problem will never ever go away  
It's a crime, and a waste, what a shame

If you fail to plan, you plan to fail  
So if you ain't got a plan and you're thinking that crime can keep you fly  
Don't think you ain't gotta land  
If you get caught you'll go to court  
Then you'll be living a long way from fam'  
You'll be going on a long trip, come back to find out you ain't got a town

So if you must vote for people  
Who are hell bent on making war  
Then don't you be surprised when  
They come knocking at your door to even score

The many lives that are taken away  
We all gotta live with that from day to day  
And the problem will never ever go away  
It's a crime, and a waste, what a shame

Everybody wanna be an MC, nobody wanna be an MP  
Everybody wants to be a star, nobody wanna be the MD  
Everybody wants to be a fat cat  
Nobody wants to be a civilian

Aim high and by the time you'll be 40  
You'll be sitting on a million

As the world keeps spinning on it's axis  
Governments keep all the taxes

They buy more guns than anyone  
But they're always trying to blame it on the rappers  
Going to war is a crime, and I believe the culprits should get, get time

But most of the politicans ain't working, they're too busy spinning on red  
Red wine
