What are you looking for?  
How come it's not at home?  
I gave you everything  
Somehow that's not enough  
I don't think that you're scared of love  
You just don't wanna open up  
No one wants to fall out of love  
Ay

What we have is special, I don't wanna give it up  
Met a lot of people but it's never what I want  
Even when I'm with 'em, I just wanna be alone  
Makes me hate the feeling, wish I never fell in love  
Thinking 'bout you every night when I'm all alone  
Thinking 'bout your problems when I got my own  
I gave you a piece of me then you left a hole  
How you gon' leave with a piece of my soul? Yeah

You gave me love, I didn't think that your heart was for rent  
I thought I could keep it  
My fault for treading in waters where I couldn't swim  
Drowning in the deep end  
Love is an ocean of loyalty, trust and respect  
The waves are deceiving  
You changed the way that I think and the way that I am  
You left my heart freezing

Words and actions never adding up  
Sick of all your broken promises and empty hugs  
I know that you never left but lately it feels like you're gone  
It breaks my heart knowing my everything is still not enough (no, oh, oh)

I gave you everything  
Somehow that's not enough  
I don't think that you're scared of love  
You just don't wanna open up  
No one wants to fall out of love (out of love)  
Ay

Look at us now  
We said that we would never fall outta love but we did  
Thinking 'bout all the things that we have said when we were kids  
When we met, we were young and stupid  
Maybe it was special then but now we got no evidence  
I'm wrong about it, or maybe I was right about it  
Get a little tipsy and emotional and write about it  
I took my feelings to the club and put 'em on somebody  
I hate the club, but I'm different when you not around me

You gave me love, I didn't think that your heart was for rent  
I thought I could keep it  
My fault for treading in waters where I couldn't swim  
Drowning in the deep end
