

Say to You

Ali Gatie

I don't know what to feel anymore
What do I have to do?
I hate and love the rain
But that's just how I feel 'bout you
Some days you make me feel so happy
Some days I feel blue
You still remind me of the rain
That's why I fall for you

Don't know what to say to you, yeah yeah
Everything's okay to you, yeah yeah
Lately you been switchin' up, yeah yeah
I can't even trust your love, yeah yeah
Don't know what to say to you, yeah yeah
Everything's okay to you, yeah yeah
Lately you been switchin' up, yeah yeah
I can't even trust your love, yeah yeah

How you gon' love someone else?
How'd you leave me by myself?
How'd you leave me all alone? (Leave me all alone)
Yeah you used to be my home
I can't even lie, want you by my side
Yeah you left me empty and it's something I can't hide
Everybody knows, they say that it shows
They know I miss you so I wonder how you don't

I don't know what to feel anymore
What do I have to do?
I hate and love the rain
But that's just how I feel 'bout you
Some days you make me feel so happy
Some days I feel blue
You still remind me of the rain
That's why I fall for you

Don't know what to say to you, yeah yeah
Everything's okay to you, yeah yeah
Lately you been switchin' up, yeah yeah
I can't even trust your love, yeah yeah
Don't know what to say to you, yeah yeah
Everything's okay to you, yeah yeah
Lately you been switchin' up, yeah yeah
I can't even trust your love, yeah yeah

Trusted what you told me and what you showed me
Thought that we was homies, and that you know me
Didn't think you'd play me I thought you'd save me
Yeah you drove me crazy, you're still my baby
After what we've been through and all the problems
I thought you would help me and we could solve em'
Didn't think you'd play me I thought you'd save me
Yeah you're still my baby, you drove me crazy

Don't know what to say to you
Everything's okay to you
Lately you been switchin' up

I can't even trust your love, yeah yeah
Don't know what to say to you, yeah yeah
Everything's okay to you, yeah yeah
Lately you been switchin' up, yeah yeah
I can't even trust your love, yeah yeah
