Somebody else
Somebody else
Somebody else
Let's go

You been switching up the energy
S,- s-, sipping on the Hennessy
You been moving different (different)
Telling me I'm moving different
Nah, I ain't never changed (oh nah, nah)
I don't have a reason to change (nah, nah, nah)
Know that I just been the same (same, same, same)
I never had to change with the fame

But it's not that I want you, no, I need you
You look so bad, you look illegal
I just wanna touch you and feel you
If you got a man, just know I'ma steal you
Don't make me look like I'm the savage (savage)
When we touched, girl, I felt the magic (magic)
What you want, you know you could have it (have it)

Just don't be loving on somebody else (somebody else)
Loving on somebody else (somebody else)
Loving on somebody else
Loving on somebody else
Don't be loving on somebody else (somebody else)
Somebody else (else, else)
Somebody else (else)

Ay
Have you living nice, I'll have you living hella lavish
If you wanna fly, we could visit the Atlantic
Anything you buy, yeah my card, you could max it
I swear you the cutest, baby, you just been the baddest
I know when you look at me, you see the way I see you (see you)
Treat you like a queen, that's the only way I treat you (treat you)
Put no one between, you the one I wanna be with (be)
Yeah, yeah, you the only one I'm feeling

But it's not that I want you, no, I need you
You look so bad, you look illegal (you look illegal)
I just wanna touch you and feel you (touch you and feel you)
If you got a man, just know I'ma steal you
Don't make me look like I'm the savage (savage)
When we touched, girl, I felt the magic (magic)
What you want, you know you could have it (have it)

Just don't be loving on somebody else (somebody else)
Loving on somebody else (somebody else)
Loving on somebody else
Loving on somebody else
Don't be loving on somebody else (somebody else)
Somebody else (else, else)
Somebody else (else)

Ignore all the rumors, yeah, don't listen to your friends

The love we have is special, they could never comprehend
We could be forever, we would never have to end
They been riding in the Honda, have you riding in the Benz, yeah
Girls they always jealous, they can never understand
They tell you I'm a player when they wish I was their man, yeah, yeah, yeah
Girl, yeah, yeah, yeah

But it's not that I want you, no, I need you
You look so bad, you look illegal (you look illegal)
I just wanna touch you and feel you (touch you and feel you)
If you got a man, just know I'ma steal you
Don't make me look like I'm the savage (savage)
When we touched, girl, I felt the magic (magic)
What you want, you know you could have it (have it)

Just don't be loving on somebody else (somebody else)
Loving on somebody else (somebody else)
Loving on somebody else
Loving on somebody else
Don't be loving on somebody else (somebody else)
Somebody else (else, else)
Somebody else (else)
