Wrong

Ali Gatie

Wrong
I gave you all of me but I guess I was just never enough
Why do I always get hurt? It's a curse, I be givin' too much
Guess it's all my fault for fallin' in love, thought you was the one
(You was the one)
I should've known (Known), known

After all the times we shared, now you say you don't love me
Said you was always gon' be there, now you turnin' on me
Can't believe you didn't care, went and done me dirty
Prettiest of faces but I swear you be turnin' ugly
How you go from sayin' I'm your one and only
To all alone in your bed, sayin' you don't want me?
Now you call and you say you're lonely (Now you call and you say you're lonely)

You did me wrong (You did me wrong)
I gave you all of me but I guess I was just never enough (Never enough)
Why do I always get hurt? It's a curse, I be givin' too much (Givin' too much)
Guess it's all my fault for fallin' in love, thought you was the one
(You was the one)
I should've known (I should've known)

Yeah
How could I love you better?
I gave you all of me in hopes we stayin' together
What happened to all of our plans of bein' forever
I guess that it was all just words and series of letters
No matter what you still always hit me with your resentment
Tellin' me that you love me but I know that you pretendin'
And I can't trust a thing you say (Can't trust a thing you say)
And I won't trust you anyway

You're on my mind, but I don't care anymore
Now I'm not blind, I'm lettin' you go
That was the last time, I lose all control
I can't be yours anymore, won't be yours anymore

You did me wrong (You did me wrong)
I gave you all of me but I guess I was just never enough (Never enough)
Why do I always get hurt? It's a curse, I be givin' too much (Givin' too much)
Guess it's all my fault for fallin' in love, thought you was the one
(You was the one)
I should've known (I should've known)
You did me wrong
I gave you all of me but I guess I was just never enough (Never enough)
Why do I always get hurt? It's a curse, I be givin' too much (Givin'

too much)
Guess it's all my fault for fallin' in love, thought you was the one
(You was the one)
Thought you was the one, I should've known, I should've known
