

# All over the World

Alice Cooper

We played in Paris France where we drank champagne  
Somehow I lost my pants and then I woke up on a train  
I was invited to a jail down in old Hong Kong  
I jumped my bail, hit the trail, played the gig, and I was gone

You know it's all about the show  
And we kill it wherever we go

All over the world  
All over the world  
That's why they like it, love it  
Yeah, all over the world

We hit the stage with rage around 9 o'clock  
We're always louder than hell and we're harder than rock  
Rolled into England and China, Ukraine and Brazil  
Slayed 'em in Sydney and Fargo, Zanzibar and Seville

They know it's all about the show  
All the Jennies and all of the Joes  
From Katmandu to Kokomo  
'Cause we kill it wherever we go

All over the world  
All over the world  
That's why they like it, love it  
Yeah, all over the world

Another day, another night  
Another month, another year  
You know that rock will never die  
As long as we don't disappear

Never be our final show  
Never be our final shot  
We give it everything we know  
We give it everything we got

All over the world  
All over the world  
That's why they like it, love it  
Yeah, all over the world

All over the world  
All over the world  
That's why you like it, love it  
Like it, love it  
Like it, love it  
Yeah, all over the world
