

## Below Your Means

Alice Cooper

Come with me and we'll play  
You've got a lot, I'd like to stay  
(So good, so far)

I see you playing right along  
Sometimes it's better to belong

I'll sing, you feel my all night song  
You know it's better to belong

Under the cover of a midnight scene  
I got the sheets below your means
