

Hard Hearted Alice

Alice Cooper

Life coast to coast
White hot as a ghost
When you live in a countdown

Time is free as a jailbird
At least that's what I heard
When you live in a hideout

Love comes cheap at a swap meet
It all comes so dirt cheap
When you live in a bedroom

Love cuts deep as a razor
But that ain't amazin'
When you live in a cancer, ah

Mind gets scrambled like eggs
Get bruised and erased
When you live in a brainstorm

Noise seems logically right
Ringing ears in the night
When you live in an airport, ah

Hard hearted Alice
Is what we wanna be
Hard hearted Alice
Is what you want to see

Hard hearted Alice
Is what we wanna be
Hard hearted Alice
Is what you want to see
