Killed By Love

Alice Cooper

```
Am#   F   As   Es
F#   C#   F#   As
```

```
    Am#    F          As                      Es
1. I've got more to lose, more to lose than you
    F#        C#         F#           As
   Cause I'm the only one in love between us too
    Am#         F              As              Es
   I know that I've been struck by lightning from above
    F#    C#
   Cause I've been killed by love
```

```
2. I got a longer fall, a longer fall to take
   Cause I'm a bigger fool with a bigger heart to break
   You pushed me way to far, a push became a shove
   And I was killed by love
```

```
    Es        F         Am# As    F#
   Drop me off in a crowded lonely city
    As      C#
   Everybody there was crying
    Es        F         Am#       As    F#
   Drop me off in a town without pity
    As
   And let me be the one that's dying
```

```
    C#          Am#
   Killed by love
    F#       As
   Killed by love
    C#          Am#
   Killed by love
```

```
F#   As   C#
```
