

# Living

Alice Cooper

Living

I is only one part of being

Believing

Is to know just what you're feeling

You were so positive thing you know, you have

I'm sure that in knowing you're growing and it's you

Thinking

Is you're own road of living

Dreaming

Is the one way to being

Go in and your eye can see everything that's you

The only real person you need to know is you

Ah, oh

Living, Living, Living
