

White Line Frankenstein

Alice Cooper

I'm a big bad wolf
And I drive alone
I'm a seventh son and bad to the bone

I feel a little bit dead
But tonight I'm alive
Gotta load in my nose, gonna drive, drive, drive

Got no wife, no snotty kids, got no alimony
I live for the road 'cause I gotta be free

They call me white line Frankenstein
White line Frankenstein

On the road to the show
I'm a gigolo
And all the girls know they can get a ride

Cause I'm a hell of a man
In a one-night stand
They're eatin' out of my hand, so satisfied

The highway's my heart
And this truck is my home
I'm a road rat, baby, I'm a rock 'n' rollin' stone

They call me white line Frankenstein
White line Frankenstein
It's me

Got oil in my veins
And a gut full of gas
Get out of my way 'cause I'm movin' fast

I'm rollin' thunder
I'm at lightin' speed
Got this metal monster that I gotta feed

The highway's my heart
And this truck is my home
I'm a road rat, baby, I'm a rock 'n' rollin' stone

They call me white line Frankenstein
They call me white line Frankenstein
They call me white line Frankenstein
Cause I'm a white line Frankenstein
Get out of my way!
