

# Only You

Alicia Keys

I am  
Nothing  
Without you here  
With you  
I love  
Without fear  
Nothing, oh, nothing  
They say about you  
Has meaning to me

And we won't let nothing  
Take this sweet something  
Because I don't want nothing  
Nothing, only you

For you  
I'll come  
Guns blazing  
Crazy as love is  
It's amazing  
We found  
Good love  
Found my best friend  
And I love you

We won't let nothing  
Take our sweet something  
Because I don't want nothing  
Nothing, only you
