

Lickin' ma Bone

Alien Sex Fiend

I've got a bad reputation
I've been put on medication
I wish me head would float away,
Me brain is out of its mind

Doctor, Doctor
Give me the pill
Give me nukes and radiation

Stop lickin' ma bone, baby

I've been playin' in my dreams
Travellin' station to station
I can't sleep at night
And that's my situation.

Doctor, Doctor
Give me the pill
Give me nukes and radiation

Stop lickin' ma bone, baby
