

Feels Right

Alina Baraz

Dunno what I'm doing
But it feels right
Feels right
Feels right
Dunno what I'm doing
But it feels right
Feels right
Feels right
Tell 'em keep it going
'Cause it feels nice
Feels nice
Feels nice
If you're still into
And it feels right
Then it feels right
Feels right

I'm in my head, I'm a mess
I wanna let you know
I got a lot on my plate
And I'm never home
But I can promise you this
You'll never wanna let me go

And if you wanna stay here
Maybe we'll call it paradise
Oh I could see it so clearly
When I look into your eyes
You run your hands through my hair
I wanna run in to the night
With you

Dunno what I'm doing
But it feels right
Feels right
Feels right
Dunno what I'm doing
But it feels right
Feels right
Feels right
Tell 'em keep it going
'Cause it feels nice
Feels nice
Feels nice
If you're still into
And it feels right
Then it feels right
Feels right

Maybe I'm stuck in a dream
And I don't ever wanna leave
I know that I'm outta reach
But you're where I wanna be
You feel like heaven to me
And everything in between

Never wanna keep you waiting, waiting

I know that your patience fading, fading
All the love you got just save it, save it
For me

Dunno what I'm doing
But it feels right
Feels right
Feels right
Dunno what I'm doing
But it feels right
Feels right
Feels right
Tell 'em keep it going
'Cause it feels nice
Feels nice
Feels nice
If you're still into
And it feels right
Then it feels right
Feels right
