Show me all that you know (Show me all that you know)
Water me, I will grow (Water me, I will grow)
Place the map on my skin (Map on my skin)
Go where no one has been

Take me to the place
Where we'll never fade
Underneath the stars
Love me in the dark

I look at you and I see
All the parts of me
Swaying to the beat
Lost in your melody, I swear (I swear, I swear, I swear)

My divine energy
Open up for me
You're everything that I need
I swear (I swear, I swear)

Take me to the place
Where we'll never fade (Where we'll never fade)
Underneath the stars
Love me in the dark

Love
Love (Me)
Love (Me)
Love, love
Love, love
Love
Love

My divine energy (My divine)
My divine energy (My divine)
My divine energy (My divine)
An energy

My divine energy (My divine)
My divine energy (My divine)
My divine energy (My divine)
