

No Interference

Alina Baraz

Green was your mind, brown were those eyes
Blue was the way that you made me
You were the rain, perfect and strange
I couldn't hold you

No interference, can we be here?
Give me a moment
Green was your mind, brown were those eyes
Blue was the way that you made me

Ah-ah, ah-ah
Ah-ah, ah-ah
Blue was the way that you made me
Ah-ah, ah-ah
Ah-ah, ah-ah
Blue was the way that you made me

(Green was your mind)
(Brown were those eyes)

I take a second while you're still here
Nothing lasts forever, remember to remember
Stop right there
Look me in my eyes, I love you in this light

No interference, can we be here?
Give me a moment
Green was your mind, brown were those eyes
Blue was the way that you made me

Ah-ah, ah-ah
Ah-ah, ah-ah
Blue was the way that you made me
Ah-ah, ah-ah
Ah-ah, ah-ah
Blue was the way that you made me

(I don't like your energy)
(Keep that shit away from me)
(I don't like your energy)
(Keep that shit away from me)
(Away from me, away from me, away from me)
