

The Beginning

Alina Baraz

Precious impression
You were the answer
To everything
My everything

So much comfort
You said "give it all to me"
And I did in a heartbeat
I did

Is it hopeless
Or can we try?
'Cause we'll lose it if we say goodbye
Can we just let it go for a minute?
Can we go back to us at the beginning?

If only I knew
Would it have led me to you?
