

don't be a stranger

ALINA

Blonde hair
Don't even remember the color that your eyes were
(Ahh)
Converse, pink laces were tied up
Kinda like our tongues were
(Ahh)

Oh, we're sharing secrets
You can keep 'em in the sheets
It's probably best if we just keep 'em to ourselves
Time tells everything
But God I hope that you remember
(Ahh)

Don't be a stranger if I see you in public
Yeah, you saw me naked – I know that you loved it
To me it was nothing, but damn, it was something
I want you, I need you, it's nothing
(I want you, I need you, it's nothing)

I talk so much shit about you till I get around you
(I can't help myself)
I get a little closer
Lose my self-composure
I don't wanna talk about how

I like you like that
I know it sounds bad
I'm striking that match
So why don't you come over right now?

Don't be a stranger if I see you in public
Yeah, you saw me naked – I know that you loved it
To me it was nothing, but damn, it was something
I want you, I need you, it's nothing
(I want you, I need you, it's nothing)

Don't be a stranger
Don't act so above it
Look me in the eyes – I can tell that you're bluffing
To me it was nothing, but damn, it was something
I want you, I need you, it's nothing
(I want you, I need you, it's nothing)

I want you, I need you, it's nothing
(I want you, I need you, it's nothing)
I want you, I need you, it's nothing
(I want you, I need you, it's nothing)

I want you
I want you
I want you
It's nothing
I want you
I want you
I want you, I need you, it's nothing
