

# nothing i am

ALINA

Slipping undercover  
Childhood bed window shutters  
Door cracked, let the light in  
Still shadows consume everything  
Listen to dusty records  
Journaling till I can't form letters  
Here you come, yelling again  
Wish I was mean, not forgiving

Hang my pride, waste my time on your negligence  
Use your praise, like a drug, it's my medicine

Nothing I do is ever good enough  
Kidding myself, your love is handcuffs  
Nothing I say  
Nothing I do  
Nothing I am  
Nothing I do is ever good enough  
Kidding myself, your love is handcuffs  
Nothing I say  
Nothing I do  
Nothing I am

Angry I'm getting older  
Sensitive, it's my new placeholder  
Worry crawls on my skin

My effort's rotten, my mind's a sin  
Your current's strong, you drag me in  
You bend my will, I plead my case  
You shut me down, what else to say, but

Nothing I do is ever good enough  
Kidding myself, your love is handcuffs  
Nothing I say  
Nothing I do  
Nothing I am  
Nothing I do is ever good enough  
Kidding myself, your love is poison  
Nothing I say  
Nothing I do  
Nothing I am  
Nothing I do is ever good enough  
Kidding myself, your love is handcuffs  
Nothing I say  
Nothing I do  
Nothing I  
Nothing I say  
Nothing I do  
Nothing I  
Nothing I say  
Nothing I do  
Nothing I am
