

Lay Low

Alisha's Attic

Lay Low, girlfriend
You ain't ever gonna be the right vibe
You ain't ever gonna kick the right drum
Better call it a day with this one
You ain't ever gonna be what he's looking for
Coz he ain't ever satisfied
So Lay Low
Simply Lay Low
Yeah, you can survive
Without another hero
Yeah, you can survive
Without another hero

If it's an honest kiss he's giving you, fine
But you're screaming to yourself every night,
You're not satisfi-ii-ii-ied
(no, you're not satisfied)

(ooo lay low) Lay Low, girlfriend
If you want the upper hand
(and if) And if you want a little self respect
Better forget
That he ever existed
(and I) And I guarantee you'll feel better
With all your cares away
So Lay Low
Just simply Lay Low

Yeah, you can survive
Without another hero
Yeah, you can survive
Without another hero

If it's a fair game he is playing
Then that's fine
But he's taking the love you're giving him
And he's crossing the line
Crossing the line

(ooo ooo ooo ooo ooo)

He's crossing the line

Lay low
(you can survive)
Got to Lay Low
(you can survive - lay low)
And simply Lay Low
(you can survive - survi-ii-ive)
Just got to Lay Low
(you can survive)
