

Okay

Alison Wonderland

You scare me to the core
'Cause of how much I adore you
You're like a drug and no more lies
I can't see any lows from the highs

My tongue is tied around you
My arms are tied behind me
My tongue is tied around you
So I'll say it here instead
My tongue is tied around you
My arms are tied behind me
My tongue is tied around you
So I'll say it here instead

Can we be okay? (Hey)
Can we be okay? (Hey)
My tongue is tied around you
So I'll say it here instead
Can we be okay?
Can we be okay? (Hey)
Can we be okay?
Can we be okay?
Can we be okay? (Hey)
Can we be okay?

There's so much I wanna say
But you take all my strength away
I've built you up, you're ten feet tall
I would jump if you were to fall

My tongue is tied around you
My arms are tied behind me
My tongue is tied around you
So I'll say it here instead
My tongue is tied around you
My arms are tied behind me
My tongue is tied around you
So I'll say it here instead

Can we be okay? (Hey)
Can we be okay? (Hey)
Can we be okay?
Can we be okay? (Hey)
Can we be okay?
Can we be okay?
Can we be okay? (Hey)
Can we be okay?

(I wanna know, I wanna know)
Can we be okay? (I wanna know)
Can we be okay? (I wanna know)
Can we be okay? (I wanna know)
Can we be okay? (I wanna know)
I wanna be okay (I wanna know)
Can we be okay? (I wanna know)
I wanna be okay (I wanna know)
Can we be okay? (I wanna know)

I wanna be okay (I wanna know)
Can we be okay? (I wanna know)
I wanna be okay (I wanna know)
Can we be okay? (I wanna know)

(Hey, hey)
Can we be okay? (Hey)
Can we be okay? (Hey)
Can we be okay?
Can we be okay?
