

## Our Time Down Here

Alive Like Me

You're growing up too fast they said  
But I don't want to live my life like them  
and I just want to think about tonight  
because the past is my ghost

Let's meet up in a shady part of town  
Where they don't want to see us lose  
our crowns because we're kings to them  
Well I don't think we're kings of anything  
(No I don't think we're kings of anything)

Sneak out to the rooftop scene  
Surrounded by such evil things  
I won't admit this but I hate it here

And what they don't know  
is that the place they told me I should never go  
Was the place I learned to love the most  
What they don't know  
is just something they forgot when they grew old  
You have to fall before you grow

So I'll say thanks for the advice  
The choice is mine to make tonight  
I'd rather do this on my own than fall right into place  
And we will never be alive  
If we don't learn to live our lives  
I'll run in circles till I die  
Rather than have to retrace your lines

I am so sorry if you think I didn't need you  
But my heart has never lost a place for you  
I just got tired of the way you stopped my movement  
All I ever truly wanted was to live

And what they don't know  
is that the place they told me I should never go  
Was the place I learned to love the most  
And what they don't know  
is just something they forgot when they grew old  
(You have to fall)  
You have to fall before you grow  
(before you grow) [x3]  
And after all you have to fall before you grow
