

Searching For Endings

Alive Like Me

Are you still standing here watching me sink?
The words are filling this room and suffocating me
You can't keep telling me,
What I'm supposed to think.
I've become so numb to the truth,
That I don't feel a thing.
No I don't feel a thing.

And I think I've done enough,
Pretending for everyone.
That I don't think I'll have to waste.
Another breath it always seems
To be pointless and endlessly
Filling me with doubt.
And of all the words you've said
I've never heard them for myself

When there's no turning back, no where to run.
I keep telling myself

That I've been here before
(woah)
With thoughts I can't ignore
(woah)
When there's no exit
And we're just searching for endings
We just might get what we want (2x)

And I don't know if you can hear me
But I'm feeling so alone
And I don't know if you're here with me
I've never felt this low

Why have I been searching for things
For things I can't obtain
But I still never feel anything
Unless you're here next to me.

Are you still standing here watching me sink?
The words are filling this room and suffocating me.
You can't keep telling me,
What I'm supposed to think.
I've become so numb to the truth.

But I've been here before
(woah)
With thoughts I can't ignore
(woah)
When there's no exit
And were just searching for endings
We just might get what we want (2x)

And I don't know if you can hear me
But I'm feeling so alone
And I don't know if you're here with me
Why can't I let this go?
