

Bleeding Out

Alkaline Trio

Blood-red interior
A shiny black shell
The rest are inferior
She's faster than hell

I've been meaning to say something
Oh, it's nothing, I'm no longer sleeping
And I'm A-okay, I'm feeling great
Save for these cuts that won't stop seeping

I'm bleeding out
I'm shutting down
Like a city
I'm losing all control in a death roll blacking out
I'm bleeding out

Bled dry exterior
White as a ghost
We have a parasite here
It's endemic I'm sure
And we're hosting its posting

I've been trying without prying
You've been lying to me all along, dear
Now we're screaming and we're crying
And we're skipping off the atmosphere here

I'm bleeding out
I'm shutting down
Like a city
I'm losing all control in a death roll blacking out
I'm bleeding out
I'm shutting down
Like a city
I'm losing all control in a death roll passing out
I'm bleeding out

I get rickets just thinking about the ticket
Prices are sinking, the cat lady's singing
And the band's freaking out

I'm bleeding out
I'm shutting down
Like a city
I'm losing all control in a death roll blacking out
I'm bleeding out
I'm shutting down
Like a city
I'm losing all control in a death roll passing out
I'm bleeding out
