

Break

Alkaline Trio

I can't go on wishing this one wasn't something I can't hide
Like a werewolf in a dungeon or the bride of Frankenstein
I wanna tell you all there is to know about the end of days
It's just as well we take it slow, we'll get there either way

When we break down
When we fall apart
You'll be there
Smiling ear to ear
And splashing around in our blood
Screaming, "Goddamn it! I cannot get enough!"

I can't pretend I catch the meaning of these screaming maniacs
Cannot lend or lease or sue for peace with terrorist attacks
I wanna tell you all there is to know about the end of time
It starts with you, and ends with everyone deaf, dumb, and blind

When we break down
When we fall apart
You'll be there
Smiling ear to ear
And splashing around in our blood
Screaming, "Goddamn it! I cannot get enough!"

Just leave me out to dry
I just need some time to think
Please I don't need new reasons why
I was put on this planet to blink

Meet me at the bottom of the ocean
Meet me at the bottom of the sea
Scream my name from the highest mountaintop
And string me out for everyone to see

When we break down
When we fall apart
You'll be there
Smiling ear to ear
And splashing around in my blood
Screaming, "Goddamn it! I cannot get enough!"

Just leave me out to dry
I just need some time to think
Please I don't need new reasons why
I was put in this ocean to sink
