

## Wait for the Blackout

Alkaline Trio

Don't you ask me to come out  
When the sun does shine  
Rather stay here with curtains drawn  
In darkness you'll be mine

Let's wait for the blackout  
The light is too bright  
Let's wait for the blackout  
Wait for the night

Well, welcome to my basement flat  
No windows to see through  
When darkness falls again my friend  
We'll both know what to do

Let's wait for the blackout  
The light is too bright  
Let's wait for the blackout  
Wait for the night

Come walk with me upon the earth  
That keeps us both alive  
No living thing can last in here  
But we can both survive

Let's wait for the blackout  
The light is too bright  
Let's wait for the blackout  
Wait for the night

In darkness there is no sin  
Light only brings in fear  
Nothing to corrupt the eyes  
There is no vision here  
At first you may find it strange  
But please don't go away  
There's power in the nighttime  
That you won't find in the day

There is no vision here  
There is no vision here  
No vision here.
