

## With The Thing

Alkaline

Some a dem a lose it...

Yo, yo, Chrome

A the youngest Lord

Dem cyaan style me, move from side me

Me no waan fi merk unno so best unno avoid me

Notice how me calm and me address unno kindly

Oh la la

Anyway, hey

A nuff a dem say dem with the thing

And dem a wuk behind your back fi try clip yuh wing, know that

A pussy dem from dem diss the link

Couldn't sail with you so dem a say the ship fi sink

The fool dem just a talk it, but all dem do a talk shit

Weh dem need fi do a swish dem mouth inna some harpic

Nuff a dem a sell out, worser than the supermarket

Tell dem we see the pree already and a we dem cyaan trick

No, no, no

Dem no gangster, the no shotta, dem no bad a Harry Potter

Just some actor, but the need fi act dem role, yo

Living happy ever after, move on to anedda chapter

Used to bruk, multiple fracture, but we cool now

Treat you good, so what's the matter

Give dem all we have fi offer

Too much snake inna the grass, me need a wacka

Dem on and off coming like a flasher, dutty heart a dem character

Waan fi get everything 'pon a silver plater, woo

A nuff a dem say dem with the thing

And dem a wuk behind your back fi try clip yuh wing, know that

A pussy dem from dem diss the link

Couldn't sail with you so dem a say the ship fi sink

The fool dem just a talk it, but all dem do a talk shit

Weh dem need fi do a swish dem mouth inna some harpic

Nuff a dem a sell out, worser than the supermarket

Tell dem we see the pree already and a we dem cyaan trick

Hombre a pree me over gyal, him choose a bitch over him parri

And mek she turn him inna sissy, me no rate that

No feel no bird can come between me and me dawg

Fi me a pree the man so hard over some pussy, yo a bait that

Me nah no time fi no hater, gone fi collect the paper

Gots to make the bread although me no baker

But some things inna life hurt like death

Like when you find out somebody you trust is a traitor, youth

Say we you waan fi say

Fi anyone a my nigga, dem me will mek the hammer knock

Any time a day

Just unfortunate say a no everybody pree so

Back at it, Chrome, send the riddim say fi attack it

Mek dem get the picture like your shot a flick

People weh a walk and contradiction say one thing and do the opposite

Verbal diarrhea chat a lot a shhh...

A nuff a dem say dem with the thing

And dem a wuk behind your back fi try clip yuh wing, know that

A pussy dem from dem diss the link
