

The Bomb

All 4 One

Girl you wanna sex me
Girl, why don't you let
You really turn me on
I think we could swing it
Girl that's why i'm sayin'
Baby you're the bomb

Well it was just the other day
I was walkin' down the street
And i saw you standin' by yourself
You were looking so cute in your black daisy dukes
Thought ya probably had a man or two

But then you stepped to me and asked me my name
I gave ya my number and time we could meet
Then i watched that booty swingin' as you walked away
I knew it was on cause
Oh baby you're the bomb
Ya baby you're the bomb

I went to pick you up-you were lookin' so tuff
In your tight black mini skirt
Your curves were jumpin' out-i had to close my mouth
'cause baby you're a piece of work

And then i took you to the club-we turned the party out
I wanna take you home-do some sexin' on the couch
Now you gotta let me know
If this thing is really on
I'm sprung on you baby
'cause baby you're the bomb

Girl you wanna sex me
Girl, why don't you let
You really turn me on
I think we could swing it
Girl that's why i'm sayin'
Baby you're the bomb
Ooo baby you're the bomb

I wanna make love to ya baby
And i'm about to explode
Come on let's get it on
Wanna do ya all night long
You got it goin' on
Oo baby you're the bomb
Baby you're the bomb
Baby you're the bomb
Baby you're the bomb
You really turn me on
Baby you're the bomb
Baby you're the bomb
Baby you're the bomb
Swing it girl let's

Girl you wanna sex me
Girl, why don't you let

You really turn me on
I think we could swing it
Girl that's why i'm sayin'
Baby you're the bomb
Ooo baby you're the bomb
You really turn me on

Girl you wanna sex me
Girl, why don't you let
You really turn me on
I think we could swing it
Girl that's why i'm sayin'
