

7 DAYS A WEEK

All But 6

(MTM, hit 'em with the heat)
High-school dropout, richer than your mom and dad
Drop a bag on a stupid bitch just because I can
High-school dropout, richer than your mom and dad
Drop a bag on a stupid bitch just because I can

Wrong look, so I made that boy dust
I'm petty, man, I tend to hold a grudge
Rep 6, bitch, I don't need luck
Time ticks, but I don't give a fuck
What I'm smokin' on got me a little stuck
From the south, so I keep a gold slug
Hold it down for the town 'til the dusk
I been up, I been down through the mud
I ain't worried 'bout a ho right now
I just worry 'bout the O's in the account
Four-five to his eye, then I bounce
Mob ties, I ain't ridin' with a mouse
Big bed, link up at the ho house
No head, lil' shawty wanna drown
Who here wanna step to the mound?
Who here wanna step to the hound?

If you wanna die, say somethin' right now (Ah-ooh)
If you wanna die, say somethin' right now (Ah-ooh)
If you wanna die, say somethin' right now (Ah-ooh)
If you wanna die, say somethin' right now (Ah-ooh)

If you wanna die, say somethin' right now
Fuck boy, we can get it, we can do it right now
I get aroused, so I get around
So, give me a Glock so I can get down
So I can let rounds off
I don't wanna go downtown
So I fled back to the 'burbs
Got a herd of killers to hurt you, fuck what you heard
Play with the fire and you will get burned
So don't put the blame on me when you go down in flames, better step out of
my range
Ducked off, gotta keep a low profile
Can't let an enemy in my brain
Baby Bone so sick of the fame
Doin' the same things every day
Switchin' up lanes, feelin' the same way
As I did yesterday, as I did before that, as I do every day, yeah

High-school dropout, richer than your mom and dad (Ah-ooh)
Drop a bag on a stupid bitch just because on I can (Ah-ooh)
High-school dropout, richer than your mom and dad (Ah-ooh)
Drop a bag on a stupid bitch just because on I can (Ah-ooh)

If you wanna die, say somethin' right now (Ah-ooh)
If you wanna die, say somethin' right now (Ah-ooh)
If you wanna die, say somethin' right now (Ah-ooh)
If you wanna die, say somethin' right now (Ah-ooh)
