

PUSHING SKULLS BACK

All But 6

(MTM, hit 'em with the heat)

Two sticks set twin infernos into your brain
Like I'm Eustass Kid, keep on that metal on me, get slain
Treat that pussy like I'm Kang, bitch, come through and tame
Lead showers, these bullets rain, so come on now, boy, let's play
He don't want that, swing my fist, I bet he drop when I make contact
AR with dual mags, equipped for lethal combat
Control-alt-delete your team, wipe out your comrades
You type in all caps, we pushin' skulls back

My bitch speak in tongues like suckin' dick her language
You would think this gun got stutter the way this K spit
Tape his mouth up, then press record as he get vanquished
Then send that shit off to his daddy with some grenades hitched
You wanna test it? Go ahead, make that pole crank, ayy
Empty his brains out with lead and leave him blank, ayy
This semi cause a heat wave, boy, you get braised quick
Walk down, I can't miss, okay

Two sticks set twin infernos into your brain
Like I'm Eustass Kid, keep on that metal on me, get slain
Treat that pussy like I'm Kang, bitch, come through and tame
Lead showers, these bullets rain, so come on now, boy, let's play
He don't want that, swing my fist, I bet he drop when I make contact
AR with dual mags, equipped for lethal combat
Control-alt-delete your team, wipe out your comrades
You type in all caps, we pushin' skulls back
