

## Lumos Flies

ALL CAPS

You would not believe your eyes  
I know that it sounds unwise  
she's so smart and yeah, she's just a friend

But she lit up the Yule Ball  
My heart pushed against a wall  
Just frozen staring here in the Great Hall

I'd like to make myself believe  
That she would look back at me  
It's hard to say that I'd rather leave than see her here with him  
but everything is never as it seems (with hermione)

I've gotten a thousand hugs  
just tonight from Victor Krum  
that Durmstrang boy who gave me a chance  
but something just isn't right  
it's not how I viewed tonight  
I wasted time waiting for Ron's invite

I'd like to make myself believe  
that stupid boy would ask me  
it's hard to say cause he's stubborn and a pig and fights with me  
but everything is never as it seems (with ron weasley)

Oh Ronald Weasley you're the worst  
please take me away from here  
Maybe next time you should ask me first  
please take me away from here  
Victor's dumb but he treats me right  
please take me away from here  
now excuse me while I enjoy my night

cause I'd cast a thousand charms  
she makes me feel so unarmed  
I wonder if Harry's noticed yet  
oh he can be such a swine  
and even though she's not mine  
I wont give up, these things just take time

I'd like to make myself believe  
that someday you'll fall for me  
It's not like I'm gonna tell you  
to your face or anything  
but 'till it happens I'll still have my dreams (of you and me)

I'd like to make myself believe  
that someday you'd fall for me  
It's not like I'm gonna tell you  
to your face or anything  
because I'm too afraid you'd disagree
