

# I'm A Monster

All Ends

A couple of pills for my aching head  
what happened last night  
It's totally blank  
Empty bottles are everywhere  
And who the hell is that guy in my bed..  
My darling demon is my only friend  
- Here it comes..  
But I'm not gonna die..  
I gotta get out of here...

Same old voice screaming in my head  
- Oh, girl.. you're a monster..  
Same old song keeps haunting me  
Yeah, I know I'm a monster..

Life has a funny way of changing one's fate  
Surrender to hell - I used to be whole..  
Now I struggle through every day  
Can't stop shaking..  
But I'm not gonna die  
Divorced from reality  
I gotta get out of here  
Visions are blinding me  
I gotta get out of here

Same old voice screaming in my head  
- Oh, girl.. you're a monster..  
Same old song keeps haunting me  
Yeah, I know I'm a monster..  
...help me..

Help me change my attitude  
to choose between what's right or wrong  
The voices that are drowning me..  
..so loud, so loud..  
Same old voice..

Same old voice screaming in my head  
- Oh, girl.. you're a monster..  
Same old song keeps haunting me  
Yeah, I know I'm a monster..
