

Try not to think what might have been if we just stayed home
I don't know, I don't know, I don't know at all
I don't know, I don't know, I don't know at all
I don't know, I don't know, I don't know at all
Try not to think what might have been if we just stayed home
(Where to go to make it feel like we're at home)
I don't know, I don't know, I don't know at all
(A simple place to always go)
I don't know, I don't know, I don't know at all
(A place where we can be alone)
I don't know, I don't know, I don't know at all

I didn't want to write you down
This paper isn't why we're bound
"I loved you since March 17, 2010" is all I see
If it weakens the resolve under your feet
Everyone is evil but me
Lying on my back, pulling smoke from the desert crop
Nothing really matters
You're worth my every while

(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
Where to go to make it feel like we're at home
(I don't know, I don't know, I don't know at all)
A simple place to always go
(I don't know, I don't know, I don't know at all)
A place where we can be alone
(I don't know, I don't know, I don't know at all)

Mug shots and bourbon in the streets
Austin, Texas heat
You were telling truth like you loved me since my youth
I was panicked in the van, I didn't want to leave the [?]
And every time they come back through
I want to start it over with you
Abandon Caroline, I can visit when it's time
My only real regret is that I took you from your friends and family

(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
(Where to go to make it feel like we're at home)
You can have everything
(A simple place to always go)
You can have everything
(A place where we can be alone)
You can have everything

Where'd your fire go?
You can have it when start the year
You can try to be alone
You can try for me

(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
You can have everything
(I don't know, I don't know, I don't know at all)
(Where to go to make it feel like we're at home)
You can have everything
(A simple place to always go)
You can have everything
(A place where we can be alone)
You can have everything
You can have
