

Dreamy You

All Girl Summer Fun Band

danced all night
'til the music got you down
sang so loud so all would come around

danced last night
with a cutie, summer smile
corduroys, kinda heavy-metal style
just right then, the band began to play

oh, oh
oh

danced all night
'til the music got you down
sang so loud so all would come around

"dance with me!" I heard another say
i guess this is just my lucky day
turned around to see just who it was

oh, oh
oh

dreamy you
dreamy dream me
dreamy you
dreamy dream me
dreamy you
dreamy dream me

danced all night
'til the music got you down
sang so loud so all would come around
