

## A Hope In Hell

## All Good Things

Close your eyes  
All you need is inside your mind  
We've gone deaf now we're going blind  
But we've learned to compromise

Lost lives  
Around us buried over time  
We never got to say goodbye  
Never got to say goodbye

Ignoring the war outside  
We find a new place to hide  
Maybe we're fine  
But it's never over  
We're not even close to the end

We are the damned  
We are the lost  
Together we stand  
It's never over  
But we got a hope

We got a hope in hell  
It's a long way down  
But we got this far  
So we're not gonna give up now

It's a hope in hell  
One slip we die  
But we'll take that chance  
Cause it makes us feel alive

We got a hope in hell  
A hope in hell  
A hope in hell

We got a hope in hell  
A hope in hell  
A hope in hell

Breathe in  
Time's not up, but it's spreading thin  
As long as we have oxygen  
There's a way  
We could live  
We could be saved

And even if the worst has yet to come  
When there's nothing left to do but run  
Then the battle's just begun

All we know has changed  
But our belief remains  
Nothing's the same  
Now we're surrounded  
But we're not about to give in  
Can we be saved?

Can we we be freed?  
They're digging our graves  
It's almost over  
But we got a hope

We got a hope in hell  
It's a long way down  
But we got this far  
So we're not gonna give up now

It's a hope in hell  
One slip we die  
But we'll take that chance  
Cause it makes us feel alive

We got a hope in hell  
A hope in hell  
A hope in hell

We got a hope in hell  
A hope in hell  
A hope in hell

And soon the ground will open up  
And swallow everyone  
A sea of flames rising up around us  
Old spirits reaching from below  
To tear into our souls  
Will we climb out alive  
Or all go up in smoke?

We got a hope in hell  
It's a long way down  
But we got this far  
So we're not gonna give up now

It's a hope in hell  
One slip we die  
But we'll take that chance  
Cause it makes us feel alive

We got a hope in hell  
A hope in hell  
A hope in hell

We got a hope in hell  
A hope in hell  
A hope in hell

We got a hope in hell  
A hope in hell  
A hope in hell

We got a hope in hell  
A hope in hell  
A hope in hell
