

# Beginning Of The End

## All Good Things

I'm staring into the valley of hell  
With a cross on my heart and smoke on my breath  
We are outnumbered but I'm not scared  
I am ready to die, shoot my soul through the sky

Father forgive us for what we may do  
Sometimes we lie when we search for the truth  
We sell who we are 'cause we don't want to lose

I hear the heroes calling out my name  
In Valhalla they wait, preparing my place  
I'll take fire from the edge of the sun  
Put the crown on my head, either way I have won

Father forgive us for what we have done  
We have to finish what we have begun  
And pray that tomorrow we may see the sun

There's a red dawn over the land, fate's dealing its hand  
Time's ticking to leave while you still can  
Calm before the storm, pride before the fall  
Goodbye to it all, good luck my friends

This is the beginning  
This is the beginning of the end

Blood in my eyes  
Dirt on my hands  
I got a bulletproof heart  
And I'm ready to dance  
Blood in my eyes  
Dirt on my hands  
I got a bulletproof heart  
Yeah, I'm ready to dance

There's a red dawn over the land, fate's dealing its hand  
Time's ticking to leave while you still can  
Calm before the storm, pride before the fall  
Goodbye to it all

There's a red dawn over the land, fate's dealing its hand  
Time's ticking to leave while you still can  
Calm before the storm, pride before the fall  
Goodbye to it all, good luck my friends

My friends, good luck my friends  
This is the beginning of the end
