

## Fly So Free

## All Good Things

Sun goes up and the sun goes down  
All the wheels keep going around  
Fishing on an old dock  
In this sleepy flood uptown

The sun is shining bright on me  
I watch the sea birds fly so free

Drinking booze on a Saturday night  
Tell my baby to hold on tight  
We dance the night away  
And in the morning, we kneel and pray

The sun is shining bright on me  
I watch the sea birds fly so free, yeah yeah yeah

Went on a cruise ship  
The water there was so darn blue  
We took in a few shows  
The music there was so damn cool

The sun is shining bright on me  
The winds of the ocean set me free, yeah yeah
